💧 teardrop x reader 💧

You always liked teardrop, you enjoyed her company and well the way she listened to you. You've always wanted to tell her but never had the chance to. But one day you over heard something

"icy are you cool?" liy asked

"ICY IS SO COOL! ACTUALLY WHERE ALL COOL!" leafy adds

"okay then..anyways help me make teardrop talk! (she tells ice cube the plan btw)"

you decided to follow them and saw ice cube put her feet in tear drops mouth? while liy held it open.

"Guys! Stop that, leave tear alone." you say

"Oh uh..Hi Y/N!, wanna help?"liy says

"what? no. of course not!"

"..what ever lets go icy."

liy and icy walk off. Teardrop gives you a thank you smile, which was hella adorable and made you blush a bit.

"hey teardrop? Can i tell you something?"

she nods..remember she cant talk.

"i really like you. i love your company, you make me so happy"

Teardrop smiles wayyy bigger and blushes,she runs off real quick and comes back with a paper and pencil, as well as a gift.She then writes on the paper that says,

"I love you too! :D"

and hands you the gift, you open it and it was a plushy and you and tear drop.you smiled but that was interrupted when someone pushed you and your lips met teardrops.

"just kiss already! gosh!"

you pulled apart after a few seconds and saw that it was pencil who pushed you. You were gonna go after her but tear drop stopped you and wrote on the paper

"just ignore her, let's go! Let me show u my fav place!"

"i sit here when i want alone time, but i guess i can show it too you!"

it was a beautiful river,it reminded you of teardrop.

"it reminds me of you,beautiful and blue!"

She smiled and pulled you back in for another kiss

(the end cringes me out but wtv)

uh hey guys .. i took a REALLY long hiatus to focus on school and my health but im back so here's a highly requested one!!

you've always hanged out with blocky and his crew. you, pen, eraser and blocky were the troublesome four, but still the favorites.

Being in this crew, they showed you real love and care .. but none of them cared for you as much as blocky, and with this you've truly fallen for him, so you invited him to watch the sun set and you're gonna confess...

"hey blocky!"

"hey y/n!! thanks for inviting me .. but where's everyone else?"

" oh uh.. well i just wanted it too be me and you if that's okay.."

"no that perfectly fine dude, but this is a really nice view and place!"

okay you literally have no idea what to do now.. your debating if you should tell him or wait , but you decided screw it, as you've waited this long.

"blocky.. can i tell you something???"

"lolz sure y/n, what's up?"

"blocky i really love you. i know this might sound crazy, as your only my best friend and how we have been friends for so long , but i've liked you since the start of our friendship too be honest and felt like today would be the best time to tell you.."

"oh wow.. well damn.. "

" it's okay if you don't feel the same way-"

you couldn't even finish your sentence as he soon pulled you in for a kiss.

"HOLYYYY SHITT?"

"ha, sorry dude!! just really happy you felt the same way."

"wait wha-"

"y/n, ive liked you since i saw you. to be honest, i had too convince eraser and pen too let you join our group. but in reality, i truly care and love you .. will you be my parbter ?"
